I have been asked about the 18th of February 2016 which is a date Mr UDDIN was attacked and sadly died.

As soon as we went out, I became aware something had happened in the area. There were lots of people in the street and lots of Police around. People were saying that Qari-Saab had been attacked. Some were saying he was dead. Others were saying he wasn't. A video was being sent around also. This showed Qari-Saab injured and bleeding. I saw this video and recognised it as Mr UDDIN.

I did see SYEEDY standing with Juhel MIAH

I remained in the car and called SYEEDY over and asked him what was going on.

SYEEDY said that people were saying he had passed away but not to spread this around until the truth was known. He said to pray for Qari-Saab.

At that stage I decided to leave the house with my uncle (who had returned). We made our way to Ramsay Street and I saw SYEEDY standing outside the Travel Agents.

On seeing SYEEDY I went up to him with my uncle and asked "What happened", he replied "Don't know. No one knows anything yet". SYEEDY did not seem to be acting any differently from normal. There was nothing about his manner to indicate he was nervous or to suggest that he had been involved in the incident.

SYEEDY was accompanied by Juhel MIAH
